

Position: Assistant Professor of Science/Adjunct Instructor of Science

Location: Moore, OK

Start Date: August 2021 (or sooner)

**Summary:**

Randall University seeks either a full-time or adjunct Professor of Science with a Christian Worldview who is also called to teach diverse students beginning Fall 2021. The Professor will be responsible for not only teaching science, but also overseeing and maintaining the science lab. This individual reports to the Academic Dean and works in cooperation with the other university faculty members. This individual will initially teach a rotation of the following courses: Introduction to Physics, General Biology, Chemistry, Physical Science, Earth Science. Instructional planning and teaching should reflect Christian Science and Naturalistic perspectives.

As a small institution, the ideal candidate is comfortable working across scientific disciplines, and developing close mentoring relationships with traditional, non-traditional, and online students. Class sizes at Randall are small (15-20 students) and contribute to a culture of student-centered learning.

**Core Competencies:**

- Knowledge of principles, methods, and current developments in various fields of science.
- Integrates her/his comprehensive knowledge of science from a Biblical worldview.
- Teach both in-person traditional students and online adult learners.

**Administrative/Service Responsibilities (full-time only):**

- Maintaining science lab facilities, including purchasing and inventory.
- Engage in activities to support the mission and vision of Randall University
- Participate in departmental and university committee work, including supplemental academic instruction committee.
- Contribute to campus culture, including spiritual formation of students.
- Participate in ongoing assessment at the course, program, and institutional levels.

**Teaching/Scholarship Responsibilities (full-time only):**

- Complete 30 workload hours, or equivalent, per academic year.
- Engage in ongoing professional development and scholarship.

- Maintain regular office hours
- Create High Impact Learning Practices (Project-based, service, experiential, practicum-based learning) in the classroom.

**Required Qualifications:**

- Master's degree in a science (biology, chemistry, etc.) from an accredited institution.
- Exhibited evidence of continued professional growth and development.
- Successful candidate will affirm and support the Mission, Vision, and Statement of Faith of Randall University as found here: <https://ru.edu/about-randall/what-we-believe/biblical-foundations/>

**Preferred Qualifications:**

- Experience teaching courses at the college level is preferred
- PhD or EdD in a science (biology, chemistry, etc.) from an accredited institution.

Salary is commensurate with qualifications and experience.

Submit the following materials to the selection committee to the email [careers@ru.edu](mailto:careers@ru.edu):

1. Upload a cover letter, which emphasizes his/her strengths with institutional fit.
2. Submit a curriculum vitae
3. Select and submit one piece of additional evidence (statement on philosophy of teaching, reference letter, scholarly work, course evaluations)
4. Indicate interest in full-time or adjunct position
5. List of three references
