

BACHELOR OF ARTS IN HISTORY

The History Program is developed within the overall mission of Randall University, with the idea of presenting an accurate understanding of the past from a Christian worldview. Students will learn to analyze and interpret the past in order to understand today's events within that worldview.

Students will gain practical insight by studying the social, economic, and governmental threads throughout history and comparing and contrasting them with civilization today. Studying key historical figures and events equips students with the analytical and interpretive skills needed to solve contemporary problems.

With skills to collect, comprehend, and categorize data, students will be prepared for careers ranging from teaching, advanced research, law, graduate school, working for government agencies, among other options. *Note: Additional courses will be necessary for students seeking Alternative Certification with the State of Oklahoma.*

Students will be able to demonstrate the following:

- Apply a biblical worldview to the study of history.
- Identify major historical periods, ideas, people and events.
- Interpret and evaluate critical issues in history.
- Conduct independent historical research and produce clear and compelling analysis.
- Explain the unique nature of the founding of America.
